**Mr. Anunay Gaur**

## ORGANISING TEAM

**Mr. Himank Sen**

**Mr. Harsh Pipil**

**Mr. Vikas Babu**

**Ms. Shivani Yadav**

**Ms. Shazia Shifa**

**Mr. Ravi Jadon**

**Mr. Abhishek Saini**

**Mr. Divyansh Khandelwal**

## About the University

Delhi Technological University (DTU), formerly known as Delhi College of Engineering, is an engineering university located in New Delhi, India. It is one of the oldest engineering colleges in India and Delhi's first engineering college. It was established 1941, and 2009; the college was given state university status, thus changing its name to Delhi Technological University. It has multi-disciplinary undergraduate and PG programs in engineering, science, and technology.

## About the Department

The Department of Environmental Engineering at DTU is a global leader in environmental engineering. The Department offers B. Tech., M. Tech. and PhD degrees in Environmental Engineering. We also support working engineers through part-time Continuing Education Programmes. In addition, our Department conducts cutting-edge research for environmentally sustainable lifestyles.

## About STEP DTU

STEP DTU is the student division of Centre of Excellence for Science of Happiness (CESH-DTU) that aims to create an inclusive community for personal growth, self-transformation, and happiness among its members. We're dedicated to helping individuals become their best selves and promoting empowerment. Our mission is to enhance the well-being of individuals in our society and beyond.

## About the Seminar

The seminar envisions simplicity, sustainability, and spirituality as guiding principles for a mindful and eco-conscious lifestyle. It aims to inspire individuals to make responsible choices, fostering a global community that recognizes the interconnectedness of actions and their environmental impact. The seminar will include talks on: Sustainability in water sector, rural health and sustainability, sustainability in solid waste management, climate change and sustainability, interconnection between simplicity, sustainability and spirituality.

## Participation Criteria

Professionals and experts from various fields including scientists, academics, government policy-makers at central and state levels, representatives from urban local bodies in Delhi and other cities, research scholars, students, public leaders, media representatives, environmentalists, and healthcare professionals are cordially invited to participate in this seminar.

## Competition (SfS) for Students

This event will conclude with a competition on the same theme of CC & SSS Approach, in which participants are required to present either presentations or posters on Solutions for Sustainability (SfS). The interested candidates shall register on [www.unstop.com](http://www.unstop.com) for participation and round 1 shortlist to get an opportunity to participate offline for round 2. Click the link below to access the competition registration portal for students (school students - IX to XII, university students - two different categories), winners will be given gift hampers and certificates, whereas all participants will be given e-certificates.

## Registration Details for the Seminar

Last Date Registration - **20<sup>th</sup> October, 2023**

All interested participants as per the participation criteria are requested to use the link or QR code given to access the registration form. There is no registration fee.
